Dear Dr. May

Many thanks for
the glue which arrives safely. I have
not yet had time to try it ~~in~~ but will
soon & report.

I enclose draft to order of
Mr. Watson for ~~at~~ \$50.00 advance
payment to Dr. Parson; & have written
Redfield & Martindale to do the same.

Greenland plants I need
much - have scarcely any; of Scand-
inavian are much better supplies
but should be glad of specimens, wh.
accompany authoritative labels.

About the Irish glue - it
is simply a better quality of hard
glue. A pound at 18cts would not
do our 300 sheets - while ~~while~~ a
quint of yours would do 1000 at a

cost of 5000. At this rate you would
be the cheapest as well as more
convenient. We shall probably need
considerable in and around Phila.

Sincerely,
Yours,

Wm. M. Lunt
